

CONFIDENTIAL

2 April 1946

MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: Organization of the Central Reports Staff

After the council meeting on 1 April, a copy of the memorandum for Admiral Souers, subject: "Revision of the Proposed Organization of the Central Reports Staff", was given a cursory examination by the Planning Staff on its own initiative. The Planning Staff feels that this would be a basic change in the organization of the Reports Staff and should not be acted upon without detailed study.
